MID-STAGE RC · HITEKS

HITEKS Provider CD and CDS

Native Epic-embedded AI agents

Pre-Bill and Coding Tech

Review, capture and revenue protection

NATIVELY EMBEDDED IN

Epic

Runs inside Epic's NoteReader CDI module and Diagnosis Aware Notes. The only mid-stage revenue cycle vendor with this integration.

POWERED BY HITEKS AI

Sage360

Mid-Stage Revenue Cycle Platform

CD and CDI Agents prompt providers in real time and deliver ready-to-send CDI suggestions to specialists for 1-click review.

CLINICAL INTELLIGENCE

Dr Hoo

AI Reasoning Engine

The reasoning layer behind every query: compliant, evidence-linked, and built for legal defensibility.

A Three-Phase Path to Transform Mid-Stage RC

1

Deploy Epic/HITEKS CD

Generate strong results, drive provider engagement, and build familiarity with the tool.

2

Pilot Epic/HITEKS CDI

9 to 12 months before standalone 3rd-party renewal, test on conditions current CDI misses.

3

Replace Standalone CDI

On successful pilot, deploy Epic/HITEKS CDI to replace the standalone 3rd-party tool.

Four Care Settings. One Platform.

Inpatient CDI

Core enterprise coverage

Emergency Medicine

High-velocity ED capture

Ambulatory HCC

Risk-adjusted accuracy

Peri-operative

Procedural documentation
